**Gypsy** is a combination of all things that I look for in a fabric line - bright colors, bold florals, great blenders and a mixture of scale. As a quilt and bag designer I look for fabrics that can stand alone and make a statement in a bag but can also be cut up and still show its beauty in any quilt pattern. The name Gypsy was inspired by my hectic travel schedule which sometimes makes me feel like a gypsy, living out of suitcases and hotels. I sketched the designs while traveling so the name just seemed so appropriate!
