G (2) 23" wide x 6 1/2" high strips (if using cork you will still need this!)

From Fusible Batting cut:

D (1) 7"w x 7 1/2"h strip for flap front - Fuse to ONE flap piece on top of interfacing

K (2) 17"w x 9 1/2" strips for divider - Fuse on top of interfacing, centered

There is a template included with this pattern for the flap. I recommend making a photocopy and holding on to the original so you always have a copy with the pattern. I like to cut mine out of cardstock, cardboard or template plastic for durability.
